The SCOUT 277 DORADO, powered by twin Mercury 200 HP DTS Outboards, is a standout model in the Scout Boats fleet, showcasing a perfect blend of power, elegance, and multifunctionality. This vessel is designed for those who appreciate a high-performance boat that excels in both serious fishing adventures and comfortable leisure cruising, supported by the strength and sophistication of the dual Mercury engines.

Elegant Design and Spacious Layout:The SCOUT 277 DORADO measures approximately 8.38 metres in length with a beam of about 2.74 metres, offering a stable and spacious environment for a variety of on-water activities. The design focuses on luxury and efficient space utilization, providing ample seating and a thoughtfully arranged deck. This makes the boat ideal for extended fishing trips, family gatherings, and leisurely cruising, ensuring a comfortable experience for all passengers.

Dynamic Twin-Engine Performance and Handling:Equipped with twin Mercury 200 HP DTS Outboards, the SCOUT 277 DORADO delivers outstanding performance and excellent fuel efficiency. These engines provide smooth and robust acceleration, capable of navigating a range of marine environments. The combination of these high-performance engines with the boat's design leads to exceptional handling and stability, making it enjoyable for both experienced sailors and those new to boating.

Versatile Features for Fishing and Leisure:Tailored to cater to both fishing enthusiasts and leisure seekers, the SCOUT 277 DORADO is outfitted with a range of features that enhance the boating experience. It includes advanced fishing amenities such as multiple rod holders, a large bait well, and extensive storage for fishing gear. The deck layout is generously designed, allowing for comfortable fishing and relaxation, making the most of the available space.

In summary, the SCOUT 277 DORADO powered by twin Mercury 200 HP DTS Outboards is an exceptional choice for those seeking a versatile, high-performance boat. Its combination of elegant design, powerful twin-engine setup, and adaptable amenities make it a premier option in the Scout Boats range, ideal for a diverse array of maritime activities.
