CALL US FOR A FULL LIST OF OPTIONS, ENGINE UPGRADES, AND A TRAILER TO COMPLETE YOUR DREAM BOAT.

The SCOUT 330 LXF, equipped with twin Mercury Verado 300 HP DTS Outboards, is a luxurious and high-performance center-console fishing boat that combines posh amenities with advanced fishing features. This model is part of Scout Boats' commitment to superior craftsmanship, innovative design, and functionality.

Design and Comfort:The SCOUT 330 LXF is built for luxury and performance, boasting a length of 32'9" and a beam of 10'4". The boat features twin high-back helm seats, comfortable forward loungers, a retractable bow dining table, and a lounge on the forward console, making it ideal for both fishing and cruising enthusiasts. The boat's double-stepped hull design offers a smooth ride with little bow rise during acceleration and maintains a near-level trim angle while underway.

Key Features:

- The boat is equipped with a Fusion Bluetooth Stereo System with six JL 7.7" speakers and a powder-coated patented T-Top Hardtop with a full windshield, rocket launchers, and LED rope lighting.
- For fishing, the SCOUT 330 LXF includes ten stainless steel flush mount gunnel rod holders, two horizontal under gunnel rod storage, and port and starboard aft floor fish boxes.
- The leaning post features three tackle drawers, a sink, a cutting board, and a 65-quart Yeti slide-out aft cooler.
- The inner console berth comes with an electric marine head, a built-in vessel sink, and overhead lights, providing comfort for overnight trips.

Performance and Handling:Powered by twin Mercury Verado 300 HP DTS Outboards, the SCOUT 330 LXF delivers an impressive top speed of over 66 mph. The epoxy-infusion construction optimizes weight and strength, resulting in a solid feel and long-term durability. The boat's advanced construction and twin engines ensure precise and confident cornering at speed.

Versatility:The SCOUT 330 LXF is designed not only as a serious fishing boat but also as a comfortable cruiser. The integrated full-height windshield protects the helm area from wind, while the transom platform allows easy
